**DETAILED ACTION**

***Election/Restrictions***

1. Applicant's election with traverse of Species as shown in figures 1, 2, and 4 in the reply filed on 06/15/2006 is acknowledged. Claims 1-3 read on elected figures 1, 2, and 4 and because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Tanner et al. (U.S. 5,944,750).

Tanner et al discloses the claimed invention in figures 4-7, a sealing member (150,151) connected to a tubular member (110) and being configured to least surround the proximal end of the tubular member (110); wherein the sealing member (150,151) including a free end (at 151) unconnected to the tubular member (110) forms of a frustoconical profile; and a biasing member (121) connected to the free end (at 151) of the sealing member (151) for biasing the free end of the sealing member (151) away from the tubular member (110).

***Response to Arguments***

4. Applicant's arguments filed 11/15/2006 have been fully considered but they are not persuasive. Applicant's arguments with respect to claims 1-3 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

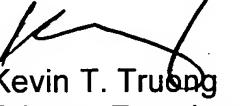

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
